DETAILED ACTION

This office action is in response to the amendment filed June 28, 2004.

Response to Amendment

The amendment of claim 14 is sufficient to overcome the objection to claim 14. This objection is withdrawn.

The limitations added to claim 14 are sufficient to overcome the Segawa et al. (US 6,083,785) reference either alone or in combination. The Examiner agrees with Applicant's statement that the ILD layer ("high resistive layer") does not define a part of the resistor along with the low resistive layer and the insulating layer. Therefore, the rejections of claims 14-19 under 35 U.S.C. 102(b) are hereby withdrawn.

Allowable Subject Matter

Claims 14-21 and 33-39 are allowed.
